

NexusAI Technologies Pvt. Ltd.

Sample Annual Financial Report

Financial Year 2025-26

Reporting Period	1 April 2025 to 31 March 2026
Industry	Enterprise AI software and document intelligence
Registered Office	Pune, Maharashtra, India
Currency	Indian Rupees (INR), figures in lakhs unless stated
Document Purpose	Demo dataset for document ingestion, retrieval and AI chat testing

Important: This is a fictional, internally generated sample report. It is intended only for testing PDF upload, text extraction, chunking, embeddings, retrieval, citations and AI chat workflows.

1. Executive Summary

NexusAI Technologies Pvt. Ltd. develops enterprise AI platforms for document intelligence, hybrid retrieval, grounded question answering and workflow automation. During FY 2025-26, the company expanded its subscription customer base, improved gross margin and increased investment in product engineering.

Metric	FY 2025-26	FY 2024-25	Change
Revenue from operations	1,845	1,320	+39.8%
Gross profit	1,245	835	+49.1%
EBITDA	318	126	+152.4%
Profit after tax	196	72	+172.2%
Closing cash and equivalents	438	266	+64.7%
Active enterprise customers	74	49	+51.0%

Key developments

The company launched a multi-tenant retrieval platform with hybrid dense and sparse search, cross-encoder reranking, document citations and conversation history. Recurring subscription revenue represented 72% of total operating revenue. Customer concentration reduced, with the top five customers contributing 31% of revenue compared with 42% in the previous year.

Management's primary priorities for FY 2026-27 are controlled expansion, stronger security and governance features, higher retrieval quality, and increased adoption in financial services, healthcare and professional services.

2. Statement of Profit and Loss

For the year ended 31 March 2026

Particulars	Note	FY 2025-26	FY 2024-25
Revenue from operations	3	1,845	1,320
Other income	4	48	29
Total income		1,893	1,349
Cloud infrastructure and API costs	5	356	302
Employee benefit expense	6	702	548
Sales and marketing expense	7	246	184
Administrative and other expenses	8	271	189
Depreciation and amortisation	9	54	42
Finance costs	10	18	12
Total expenses		1,647	1,277
Profit before tax		246	72
Current tax expense		42	0
Deferred tax expense		8	0
Profit after tax		196	72

Revenue growth was driven by new enterprise subscriptions, expanded usage of document processing APIs and higher professional services revenue. Cloud and model API costs increased in absolute terms but declined as a percentage of revenue due to batching, caching and improved retrieval efficiency.

3. Balance Sheet

As at 31 March 2026

Particulars	Note	31 Mar 2026	31 Mar 2025
ASSETS			
Property, plant and equipment	11	214	176
Intangible assets	12	96	58
Deferred tax assets		22	14
Non-current assets		332	248
Trade receivables	13	286	214
Cash and cash equivalents	14	438	266
Other current assets	15	164	121
Current assets		888	601
Total assets		1,220	849
EQUITY AND LIABILITIES			
Equity share capital	16	100	100
Securities premium		312	312
Retained earnings		298	102
Total equity		710	514
Borrowings	17	118	95
Lease liabilities		42	36
Non-current liabilities		160	131
Trade payables	18	126	92
Employee benefit obligations		58	43
Other current liabilities	19	166	69
Current liabilities		350	204
Total equity and liabilities		1,220	849

4. Statement of Cash Flows

Particulars	FY 2025-26	FY 2024-25
Profit before tax	246	72
Depreciation and amortisation	54	42
Finance costs	18	12
Operating profit before working capital changes	318	126
Increase in trade receivables	(72)	(54)
Increase in other current assets	(43)	(28)
Increase in trade and other payables	92	63
Cash generated from operations	295	107
Income taxes paid	(34)	0
Net cash from operating activities	261	107
Purchase of property and equipment	(86)	(74)
Capitalised software development	(56)	(31)
Net cash used in investing activities	(142)	(105)
Proceeds from borrowings	40	55
Repayment of borrowings and leases	(31)	(22)
Interest paid	(18)	(12)
Net cash from financing activities	(9)	21
Net increase in cash	110	23
Opening cash and cash equivalents	266	243
Effect of restricted deposits and rounding	62	0
Closing cash and cash equivalents	438	266

5. Notes to the Financial Statements

5.1 Revenue composition

Revenue stream	FY 2025-26	Share
Enterprise subscriptions	1,328	72%
API and usage-based revenue	332	18%
Implementation and professional services	185	10%
Total revenue from operations	1,845	100%

5.2 Trade receivables and credit risk

Trade receivables are stated net of an expected credit loss allowance of INR 18 lakh. No individual customer represented more than 11% of closing receivables. The average collection period was 49 days compared with 57 days in the previous year.

5.3 Employee information

The company employed 126 people at year end, including 79 in engineering and data, 22 in sales and customer success, 13 in security and operations, and 12 in corporate functions. Employee benefit expense includes salaries, bonuses, provident fund contributions, insurance and recruitment costs.

5.4 Commitments and contingencies

Future cloud capacity commitments under non-cancellable contracts amount to INR 84 lakh over the next twelve months. The company has no material litigation or regulatory penalties as at 31 March 2026.

5.5 Key risks

Risk	Potential impact	Management response
Model and API dependency	Pricing or availability changes may affect margins.	Multi-provider architecture, caching and workload routing.
Data privacy and security	Customer trust and regulatory exposure.	Encryption, tenant isolation, audit logs and access controls.
Customer concentration	Loss of a large account could affect revenue.	Broader vertical mix and mid-market expansion.
Talent retention	Delays in engineering delivery.	Career paths, retention grants and distributed hiring.

6. Management Outlook

Management expects continued demand for governed enterprise AI systems, particularly where organizations require grounded answers, document citations, role-based access and monitoring. The company plans to prioritise sustainable growth over aggressive customer acquisition, with a target of maintaining positive operating cash flow while increasing research and development investment.

This sample report contains realistic financial terminology, tables, metrics and narrative disclosures so that retrieval systems can answer questions such as: "What was revenue growth?", "How much cash did the company hold?", "What are the main business risks?", and "What percentage of revenue came from subscriptions?"
